Short Resume

► Positions

- **Since 2017** Full Professor in Software Engineering, **University of Toulouse - Jean Jaurès**
Teacher in the Department of Mathematics and Computer Science
Researcher in the SM@RTgroup of the CNRS/IRIT lab
- **2009 - 2017** Associate Professor in Software Engineering, University of Rennes 1
Teacher in the engineering school ESIR (+ Master in SE)
Researcher in the DiverSE group, joint to CNRS/IRISA and Inria
 - 2017 Visiting Professor at McGill University, CA
 - 2013-2016 Research Scientist at Inria (*on leave from UR1*)
 - 2010-2015 Regular visiting professor at CSU, USA
- **2008-2009** Postdoc fellow, Inria
- **2005-2008** Research associate (PhD student) at ENSEEIHT (grant, French government)

► Education

- **2015** HDR in Computer Science, University of Rennes 1
- **2008** PhD in Computer Science, University of Toulouse
- **2005** MSc in Computer Science, ENSEEIHT, Toulouse
- **2004** IUP NTIE, UT2J, Toulouse (software engineer at INEO SCLE)
- **2002** IUT in Computer Science, UT2J (Blagnac), Toulouse

Course Organization

- Bookmark the **course website**
 - <https://combemale.github.io> (-> M2ICE)
- Lectures, tutorials and labs have to be interactive
- Lectures, tutorials and labs are all mandatory
- Laptops (and others mobile devices) are useless during lectures => prohibited
- Disclaimers:
 - my slides are a mix of French and English
 - my slides are usually just in time published, i.e. by the day/hour of the lectures (and might be outdated before)
 - You must use your preferred IDE (and I have a very limited knowledge on most of them)

**BTW, I'm not your
type checker,
compiler, javadoc,
stackoverflow,
google...**

**Teach yourself, and
work with others...**

**KEEP
CALM
AND
DO IT
YOURSELF**

How to reach me

- ▶ Preferably at the **end of a lectures/tuto/labs**
- ▶ Or using an appropriate communication system you will provide for your project
- ▶ Ultimately, by sending an **email** (`benoit.combemale@irit.fr`) with:
 - ▶ Your **academic email** (or a comprehensible one)
 - ▶ An **explicit subject** starting with "[ICE2-PCT] ..."
 - ▶ A **full signature** including your name, group/partners, etc.
 - ▶ A **comprehensible description** of your issues
 - ▶ The **related files** (diagrams, source code...)
 - ▶ Rq: to export an Eclipse project, use the dedicated facility (Project's contextual menu (by right clicking) > export > Archive File...)
